## ***Day 1 (assembly and longtail cruise):***

Start your journey with an assembly up to 18:00 in the hotel in Surat Thani, followed by a magical longtail boat cruise trip along Thailand's longest river called Ta Pee. Glide through the city of Surat Thani at night, culminating in a breathtaking display of fireflies illuminating the night.

## ***Day 2:***

Begin the day with a hearty breakfast before heading out for a refreshing swim in the clear Emerald Lake towards our journey to Khao Sok, where we'll float with rubber pipes along the river surrounded by jungle and crystal-clear waters. Enjoy a delicious lunch at the world's largest hand-made sweet water lake at Ratchaprapha Dam in Khao Sok (world's most ancient rain forest), offering stunning views from one of Thailand's most picturesque observation points. In the afternoon, we will visit the Enchanted Sanctuary Temple Garden, a magical place filled with hidden corners; climb 2 hanging temples and take pictures of the Buddha statues that evoke a sense of wonder. We will then Arrive to our hotel in Nakhon Si Thammarat and finish our day by enjoying a delightful dinner.

**Ally & Sally**

The best trip in Thailand by far  
this is why we've created it

**Sean, Jordan & Shawn**

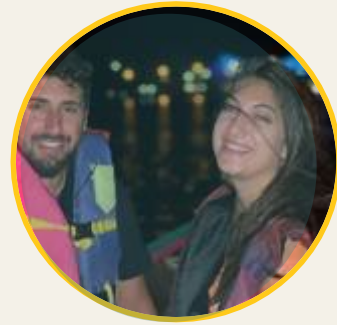

No place in Thailand was  
able to give us the experiences  
Magic South created, Thank you!

**Lee**

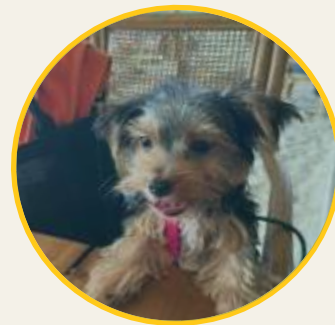

I came as a tourist fell in love  
with this trip, got my skin healed  
and joined Magic South Team

**Shahar & Yarden**

Wow, Wow, Wow  
and we are a traveler blogger  
Thank you, Magic South Team!

**Joy'a**

Wraf ! Wraf!  
Cheers to Ally & Sally  
for taking me to this amazing trip

**Rotem**

The "Avatar Cave" like the  
rest of this trip, was out  
of this world, Thank You!

# How did Magic South Journey begin?

Book Now 

## Preserving Mangroves, Empowering Communities

In July 2021, Ally and Sally's journey began with a honeymoon that turned into a lifelong commitment, not only to each other but to Thailand—the land of smiles that stole their hearts upon arrival. Their discovery of the vast mangrove forests in Nakhon Si Thammarat, which are essential in the global fight against climate change, inspired them to launch **Magic South**. This endeavor is more than a business; it's a passion project aimed at environmental preservation and community empowerment through sustainable tourism.

With their experience in creating successful businesses worldwide, they felt compelled to embark on an entrepreneurial journey that would transform the world for the better. This vision solidified after visiting Nakhon Si Thammarat, where they discovered vast **Mangroves** forest.

The newlywed's visit to Nakhon Si Thammarat under covered vast forests of **Mangroves** that play a crucial role in carbon sequestration, acting as one of the most efficient carbon sinks on the planet.

**Magic South** team took the incentive in supporting the 3,000 Rai (4.8M sqm) **Mangroves** plantation and restoration and thus the surrounding Fisherman's Village in Nakhon Si Thammarat, with an aim to preserve this natural wonder, help combat climate change, and protect and empower the local community with sustainable livelihoods.

Continuing on this transformative journey, it's important to highlight that the restoration and replanting of these mangrove forests are crucial not only for protecting marine biodiversity but also for preventing coastal erosion, maintaining ecological balance, and purifying the air—thus making the world a cleaner and better place to live.

Inspired to share this natural wonder and its profound environmental significance, Magic South forest has been opened to Tourists. This initiative allows visitors to witness this extraordinary natural phenomenon firsthand, and to connect with the enchanting fishing village and its remarkable community, which thrives thanks to this vital conservation effort.

***'Embark on the Magic South journey, an exclusive eco-tourism adventure that immerses you in Southern Thailand's pristine nature and vital mangrove ecosystems. This is more than a trip—it's a chance to connect with local communities and contribute to a sustainable future. Join us and be part of a movement that preserves the planet for future generations'***
